Press Release – for immediate release

## Calumet Chooses FASTechnologies' Drill Automation Software

Calumet, MI Calumet Electronics announces that it has installed FASTechnologies' Drill Automation Software. Calumet chose SmartParts software to improve drilling productivity, quality, and reliability. SmartParts' single download feature allows each machine to get cassette information and the job data with a single download, and allows for a hands-off operator setup. SmartParts optimizes manufacturing cycle time and ensures that every job is drilled correctly.
